A distinctive feature of your dryer is its low energy consumption. Every dryer which leaves our factory is carefully checked to ensure that it functions correctly and is in perfect condition. Break the door lock. This prevents children from locking themselves in the dryer. Environmentally friendly disposal conserves valuable raw materials. Any retailer or your local authority will be able to advise you on the disposal methods currently available. If in doubt, contact a specialist retailer. These substances may damage the dryer. Empty the dryer completely when it is to be transported or stored. Do not set up the dryer in a room susceptible to frost. Clean the fluff filter Clean the filter after each drying cycle see page 17. Do not obstruct the cooling air supply Do not position or affix anything over the cool air inlet on the rear of the dryer. Close the door. Select the drying time you require using the drying time selector see programme information on the dryer fascia. Set additional functions if required see page 16. Press Start button M. Adding laundry Open the door. Fasten zips, hooks and eyes. Tie loose belts, apron strings etc, together. Do not overdry easycare laundry Risk of creasing. Our drying programs are designed to protect your laundry with minimum energy consumption. Due to residual heat after drying, your laundry feels damper than it really is. Never use solvents for cleaning. The dryer may be damaged if it is not cleaned correctly. Do not spray the dryer with a water jet. Do not use abrasive agents or generalpurpose cleaners. Further information can be found on our website at our aftersales service centres. You can still use our aftersales service even after your warranty has expired if no other repair. Do not attempt to lift it on your own. Risk of tripping There is a risk of tripping due to cables or hoses hanging down. Use a spirit level to ensure that this is the case. The height of the feet can be adjusted.<http://www.arcop.pl/userfiles/computer-desk-assembly-manual.xml>

They just happened to have this discontinued Bosch on clearance. The plastic near the control has grown brittle with age, so I suppose that's a negative, but this dryer is now about 13 years old and still going strong. Thanks in advance Like Report BoschHomeAU Bosch Home Appliances 6 years ago Hi Mercurial, Thanks for your question.. Read more. Unfortunately, all Bosch dryers are not able to be wall mounted. You can however stack your dryer on top of a washing mashing if necessary. Please note a stacking kit is required for this option. A stacking kit is available from your nearest Bosch retailer or by calling our Spare Parts department on 1300 360 447. Like Share More 1 answer Bosch H. Bosch Home Appliances 8 months ago Hi Kade, Thanks for the question regarding the Bosch WTA3003AU. It is not recommended to mount our dryers to the wall. We would have had a stacking kit for the appliance to be stacked on a washing machine but due to the age we cannot guarantee that the ones currently sold will fit that model. Regards, Bosch Home Australia Like Report Han asked 1 year ago My WTA3003 is working great.Can you give me its physical specifications eg diameter, length etc or the parts number Thanks. Like Share More 1 answer Bosch H. Bosch Home Appliances 1 year ago Hi Han, Thanks for the question regarding your Bosch Vented Dryer. Please contact Bosch Spares on 1300 369 744 and select option 4. You will need to provide your ENR number to source the correct part. This can be found on a sticker inside the door of your dryer.
