We believe that your needs will be satisfied and you will have proper reliability with in variable weight. This manual will help you with proper operations and care of the PDII series. Please keep it handy for the future references. 1.2. Precautions To ensure that you get the most from your scale, please follow these instructions. 1. Do not disassemble the scale. When any damage or defect occurs, contact your CAS authorized dealer immediately for proper repair. 2. Do not overload beyond the maximum weight limit. 3. Scale must be grounded to minimize electricity static. This will minimize defect or electric shock. 4. Do not pull the plug by its cord when unplugging. Damaged cord could cause electric shock or fire. 5. To prevent from fire occurring. Do not place or use the scale near flammable or corrosive gas. 6. To reduce electric shock or incorrect reading. Do not spill water on the scale or place it in humid condition. 7. Avoid placing the scale near heater or in direct sunlight. 8. Insert plug firmly to wall outlet to prevent electric shock. Make sure to plug your scale into the proper power outlet. For maximum performance, plug into a power outlet 30 minutes before the usage for warm up. 9.

For consistent and accurate reading, maintain periodical check by your CAS authorized dealer. 10. Avoid sudden shock to the scale. Internal mechanism could be damaged. 11. Grab on the bottom of the scale when moving. Do not hold by the platter. 12. Place the scale on firm and temperature consistent environment. 13. If the scale is not properly level, please adjust the 4 legs at the bottom of the scale turn legs clockwise or counterclockwise so as to center the bubble of the leveling gauge inside the indicated circle. 14. Keep the scale away from other electromagnetic generating devices. Why do we have to do CAS hours Creativity, action, service CAS is at the heart of the Diploma Program. WE hope that your departments enjoy with high quality of CAS product. Need it quicker Call us on 1800 938 126 This highly sought after retail scale comes in a single display or dual display, with one on the front and the other on the right hand side. The pole display also can incorporate both single and dual display. Meath Ireland CRO 427337. At Intelligent POS we supply a wide range of NMI trade approved scales to retail outlets across the country, our retail scales including price computing scales, multi operators receipt scales and weigh labelers. Large stainless

steel platform and low profile. Adjustable tilt display, also optional remote VFD pole display or side display. Ideal for retail environments such as supermarkets, also ideal for parcel weighing and logistics. Moreover, it is designed for merchants and Clover Sales Agents. Therefore, you can obtain all materials on any model of CAS Scale including manuals, brochures, guides, templates, drivers, and software. Agents are able to look up any model of the scale and its corresponding documents, manuals, templates, accessories, and software. Furthurmore, agents can email these assets to their merchants or to themselves using their demo account on a Clover device.

Inventory App by Clover For SWRS wired scale, merchant's will setup an item as per unit in the Clover Inventory app. Having items setup in Inventory as per unit will inform Clover which items need to be placed on the scale during checkout. Email Merchants have the ability to find documentation, software, manuals, user guides and scale button templates on the CAS Scale app for any listed scale model. All these things are emailed to merchants from the device. LPWorks by CAS LPWorks is a desktop application available for merchants to utilize on windows computers. Using LPWorks, merchants can connect to label printing scales and work with item setup or editing inside the scale rather than using the scale buttons to edit or add one item at a time. Merchants use LPWorks to import or export all PLU. CAS Scale app for clover generates excel spreadsheet with data extracted from Clover and formatted to be imported into LPWorks. Interacts with other hardware CAS SWRS Wired Scale CAS Scale for Clover app enables merchants to define containers for the items that are weighed on SWRS. The containers are deducted from total weight of the item to present the customer with net weight vs gross weight. Known Limitations Close Wired Scale Compatibility Issues Clover POS devices will only work with CAS SWRS Model via USB Cable connection. No other scale will interact with Clover via USB Cable. For Clover Devices merchants can use built in barcode scanners external 2 models sold spesifically by Clover This app gives retailers the ability to manage their CAS Scale equipment right from their Clover devices How do I start with this app. Once you install the app on your clover hardware, you can open the app and answer a few questions while the app complets the setup for you. What are some business use cases for cas scale for clover.

Example Business Scenario 1 After downloading the app, merchants can add all existing scales to their device by selecting the models and giving the name for their scale. Next, the merchant is going to assign items they intend to setup on each scale by going into the scale they setup on Clover, selecting inventory items to setup on the scale, and then merchants can email the excel spreadsheet to themselves to export the csv file importable into the scale. Also, merchants can indicate which label format is used on each scale model they have and the total qty of labels in stock. Therefore, the app will keep track of the label stock and inform the merchant when they are about to run out. So, the merchant can use the CAS Scale for Clover app to find any manual, brochure, template, software, or document about any CAS scale model. Also, documents can be selected and emailed to the merchant. Merchants in Similar Industry Also Like Variable Price Barcode Parser Use label printing scale with Clover POS. Discount Scheduler Schedule and automatically trigger discounts for weighted items. Weight Embedded Barcode Parser Use label printing scale with Clover POS.
