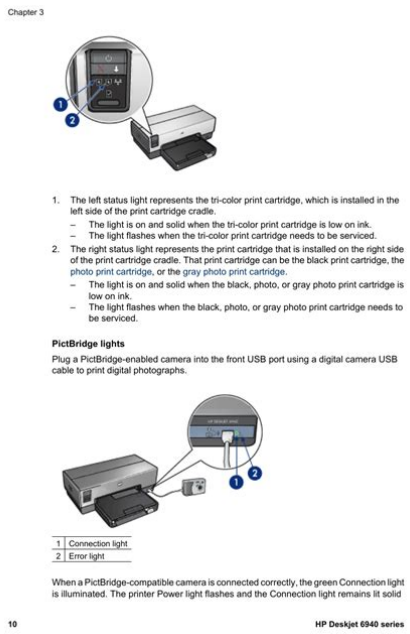
Deskjet 6940 Manual



Chapter 3

1. The left status light represents the tri-color print cartridge, which is installed in the left side of the print cartridge cradle.
   - The light is on and solid when the tri-color print cartridge is low on ink.
   - The light flashes when the tri-color print cartridge needs to be serviced.
2. The right status light represents the print cartridge that is installed on the right side of the print cartridge cradle. That print cartridge can be the black print cartridge, the photo print cartridge, or the gray photo print cartridge.
   - The light is on and solid when the black, photo, or gray photo print cartridge is low on ink.
   - The light flashes when the black, photo, or gray photo print cartridge needs to be serviced.

PictBridge lights

Plug a PictBridge-enabled camera into the front USB port using a digital camera USB cable to print digital photographs.

1	Connection light
2	Error light

When a PictBridge-compatible camera is connected correctly, the green Connection light is illuminated. The printer Power light flashes and the Connection light remains lit solid
