Amazon Customer 3.0 out of 5 stars Anything with substance such as the rock salt put down for safety it does not pick up. I still have to use the vacuum. This defeats the purpose for which I bought the Dirt Devil. I have since bought a Fuller sweeper that picks up everything. Now for a quick cleanup I dont have to use the vacuum. Very cheaply made. Its for very short people. Dirt comes out if not emptied in time which has to be done several times. Might be a good toy for a toddler!!! But this sweeper is nothing but a piece of junk. It just doesnt want to pick up anything. No wonder the price was so low. Was too enticed by the price, but definitely getting what I paid for. I only have hard floors, no rugs as of yet, and it is absolutely terrible at picking up anything on the floor. Like others said, you have to pass it over multiple times on any debris to get it to pick up. Only reason I havent tossed it yet is because I want to see how it works on a high pile rug when I pick one up soon. May work better on carpet as box only mentions

picking things up on carpet, not floors. Bought this as a replacement, because it was 8 dollars cheaper. Its totally inferior. One roller and doesnt pick up well. Emptys by putting down the handle and popping open the top. Lets you easily clean and dump out the interior. Its made of a very light plastic andetal for the handle. Construction seems perfectly fine. And in reality, it looks and feels like a childs play toy. <http://deauville.ru/files/campagnolo-tech-manuals.xml>

For regular use, this is not going to work. It is of very poor quality and picks up what it chooses and dumps a few items in the process of which you can just go over that until it is in the tray but youll have to get up the other debris that it just flipped back out. Uggg. Its just not worth the few bucks and unless as I said you are willing to hand it down to the adolescent cleaner in the family. I am very happy with this purchase. It arrived very quickly. It works ok if you know how to move it back and forth with vigor, which most of you yuppies dont know how to do. No funciona para recoger los pelos de los perros.
