2019

number of sequels — A Nightmare on Elm Street boasts one of the most terrifying installments that are worth a scary movie marathon. It only has five films in the series, one of the smallest numbers on this list, but that doesn't mean it can't catch up to others in the years to come; the latest installment came in 2010, so a new Karate Kid film might be due soon. Some have five, some fifteen, and some more than twenty. Photo Courtesy: Ilona Higgins/Wikipedia Fans saw the films' three protagonists grow up before their eyes — and fans grew up alongside them, in many cases. Photo Courtesy: Archive Photos/Getty Images There are a total of seven Police Academy movies along with a couple attempts at a TV series. 13 of them, to be exact. You get to see your favorite characters once again in a new — or not so new — storyline. Given the fierce following that already existed for Harry Potter at the release of the first movie, no one was surprised by its immediate success. Photo Courtesy: Mark Anderson/Flickr Nowadays, however, Yogi has proven to be America's favorite by a long shot. Despite the multiple entries in the series, however, there's one scene that's arguably the most memorable: when an alien explodes from John Hurt's chest. There are 11 Yogi Bear movies and counting, along with several TV shows, including 2020's Yellowstone! His real-life cousins aren't so inviting.SpidermanAnother famous superhero, Spiderman, has eight films to his name. The man himself is one of those timeless characters in popular culture that just keeps coming back for more. No one is ready to let go of that blue leotard and red cape just yet.American PieAmerican Pie wasn't supposed to spawn many sequels, but it was such a hit in theaters that they created three more, along with another three spin-offs. The movies have certainly been successful, but they're not as well-known as the classic series starring William Shatner as Captain Kirk. Photo Courtesy: Cristian Bortes/Wikimedia Commons So why is he so popular? The plot has some similarities with the former, as well: a serial killer hunts down kids, only he's dead. Ever since the first movie was released in 1977, fans have gone positively crazy for the space fantasy saga. He was originally a comic-book character but made it onto the big screen to rave reviews. Can you guess which movies they'll be?HalloweenOne of the most successful movie series in the horror genre is Halloween, currently at 11 total films. Photo Courtesy: alfredituzz :B/Flickr The interesting thing about the Hombre Lobo sequels is that they're not sequels in the purest sense — each movie, despite starring the same character, has a different storyline and background. Will the public ever tire of this genius detective? After all, what can be more entertaining than a game of cat and mouse?Police AcademyThe Police Academy movies are on the older end — they haven't made any new sequels since 1994. It's the perfect movie for a scare with friends, and it never gets old!Harry PotterThe Harry Potter series didn't just rock the literary world; it also made a splash in the cinematic one. They got into all kinds of trouble, oftentimes getting knocked around in the process. At least, until they make a new one — there are rumors of a live-action version coming in the future. Yogi Bear was the first animated TV character to unexpectedly explode in popularity in the late 1950's. Photo Courtesy: kafka4prez/Flickr The original movie came out in 1988 and followed a group of young dinosaurs on a heartfelt adventure. There have been no less than 12 Friday the 13th movies. This prehistoric monster has now reigned over cinema for more than 50 years, with a total of 35 films produced, more than any other movie franchise by most counts. Since then, it's amassed ten more films, never failing to make big bucks at the cinemas. It's one of the longest-lasting storylines, as well, with the first-ever Kong movie debuting in 1933. Initially a dull man in his late 30's, Bond's character has developed into a tough, smooth-talking womanizer surviving through 26 films. The most recent sequel was released in 2016, number 14 in the series. It taught important lessons about prejudice, friendship and loss while also imagining life for prehistoric creatures. This was initially confusing for many fans but allowed for more creative freedom during the writing process. Photo Courtesy: Columbia Pictures/Getty Images The original 1984 movie also inspired a TV show and launched Ralph Maccio's acting career. It also had an important lesson to teach: that mastering the mind is more important than the body.Tom and JerryYes, Tom and Jerry started off as a television series, but it also inspired 12 films starting in 1993 and ending in 2015. No wonder the crowds keep coming back for more.The MuppetsNot only can you find the Muppets in a total of eight films, but you can also see them in 27 television specials, too. Great — if that's what you're into. If you've ever sat through a Saw film, you know that around every corner is a gruesome, traumatic scene waiting to happen. In fact, that's exactly what viewers pay to see. It might be because unlike other superheroes who wear the cape for vengeance or because they're an all-powerful being, Spiderman's just an ordinary kid trying to get by, and even after becoming a superhero, he still has everyday problems. Kermit the Frog has even had appearances on The Tonight Show, Larry King Live and American Idol.Sherlock HolmesIf there's one movie series that might go on forever, it's Sherlock Holmes. Sometimes, however, the sequels seem to go on forever. Two more films are set to release in the coming years: Halloween Kills and Halloween Ends. Photo Courtesy: NBC/Getty Images Her hilarious commentary and heartfelt lessons have made 11 successful films over the years. Photo Courtesy: Universal Pictures/Getty Images If the title sounds familiar to you, that's probably because they took it from a popular song by Don McLean. Seven in total. Photo Courtesy: Arden/Flickr The story isn't a pleasant one, as you can probably guess. Photo Courtesy: micadew/Flickr There are at least three more movies in the works, including one that is set to be totally female-centered. A grand total of nine films have been made in this series since 2001's The Fast and the Furious, and they're not even close to being done. King of the monsters or king of the sequels — it's hard to say which title Godzilla deserves more. It may seem like a small number, but don't worry, there will be more. That might be a welcome change to the male-dominated films, paving the way for more inclusive movies in the future.Star WarsIf you're not on the Star Wars bandwagon by now, then you're in the minority. The latest movie was in 2018, but who knows? Photo Courtesy: BagoGames/Flickr Even though Sigourney Weaver is no longer the protagonist of these suspenseful films, who can refuse a good extraterrestrial plotline? MORE FROM SMARTER.COM People love to hear Madea tell it like it is, even to the point where they'll go see her in a play. It looks like there's no end to the hijinks this pair can get into! Photo Courtesy: momokacma/Flickr These movies owe their success to the diverse audience they attract; adults and kids alike find themselves laughing at these characters. But that's not all! Check out their 11 TV shows, two TV films and three direct-to-video movies. Nails going through people's fingers? The original 1939 movies had no less than 14 installments, and that's not including any movies made after 1946. Photo Courtesy: CBS Television/Wikipedia Recently, the series saw a reboot of three new films complete with advanced CGI and ties to the original series that die-hards surely wouldn't miss. Predator films), with Alien: Covenant released in 2017. We could have any number of sequels cropping up in the future. Download ashabul khafi hausa movie. Download ashabul khafi hausa movie.3gp, Download ashabul khafi hausa movie.mp4, Download ashabul khafi hausa movie.mp3 Format, ashabul khafi hausa movie Download Photo Courtesy: Silver Screen Collection/Getty Images It's always exciting when a new sequel is released. They've also inspired films centered on Batman's nemesis, the Joker, most recently played by the talented Joaquin Phoenix.Star TrekWhile Star Trek was a series first, it was also made into multiple feature-length films. That moment was among the most iconic in cinema history. With that amount of content, you could spend months watching only Muppets. It all starts with the supposed drowning of a child at camp, who comes back with a vengeful spirit. The best part is that the X-Men crew is made up of many different characters, which means some movies focus on different heroes. Unfortunately, this franchise hasn't made a come-back yet, although movies like Super Troopers have many similarities.AlienA total of six movies complete the Alien series (excluding the Alien vs. The monster himself is a complicated one — sometimes he's depicted as mindless and destructive, while other times he's a misunderstood antihero. They've been so popular that even the youngest viewers are likely to know the iconic Rocky theme song. The character of Sherlock himself dates back to the late 1800's with Sir Arthur Conan Doyle's original novels, and the most recent Sherlock film was released in in 2018 (Holmes and Watson). That's right, 11 Madea plays have been produced as well, many of them based on the films.Yogi BearWhen you think about it, what could be better than a talking bear? These comedy films were about a group of wannabe cops trying to make it on the job. But will it really be the end of the Halloween sequels? Photo Courtesy: Fabian Reus/Flickr Godzilla: King of the Monsters came out in May of 2019 with Godzilla vs. The Hellbound Heart by Clive Baker was written in 1986 and laid the foundation for this popular horror film. As technology improves, Godzilla only gets bigger, scarier and more realistic — and it seems that audiences can't get enough. The author gave up his rights after the first movie, not knowing they'd go on to make nine more with the same name. In fact, Yogi was originally a supporting character to Huckleberry Hound. That's not counting the prequels, either.RockyThe Rocky series was a staple for older generations, with many films released during the 70's and 80's, but the films managed to make their way into the 21st century as well. When it was first released in 1978, viewers were appalled and intrigued by the suspenseful story of serial killer Michael Myers, one that seemingly never ends. Photo Courtesy: Michael Ochs Archives/Getty Images There's a total of eight films in the series, chock-full of inspiring training montages and gut-wrenching fight scenes. It also references a specific scene in the movie, but you'll have to watch it to find out which.SawIt's a wonder they've managed to make so many sequels of a movie that is so hard to watch. A total of 11 films were released.The Land Before TimeThe Land Before Time inspires childhood memories for many Gen Xers and Millennials, but it's likely familiar to even younger generations childhood as well. Bond has become an iconic film character played by seven different actors in a 57-year lifespan. She's an over-the-top, tough-love, back-talking grandma with an attitude, and she resonates with many viewers. Who could forget him? Photo Courtesy: mwibbels/Flickr The great thing about these 12 movies is that they upend people's expectations of a detective — instead of a cunning, quick-witted mastermind, we find a clumsy, accident-prone goofball. He was made famous by Sean Connery in the early 60's and was most recently portrayed by Daniel Craig. If you're trying to pump yourself up or start a new gym routine, you can't go wrong with these movies.X-MenWhat kid doesn't like to think there's something special about them, something that makes them different from everyone else? They pitted these two against each other in 1962, and now they're at it again.HellraiserLike many great movies, Hellraiser is based on a book. After a while, you're not sure where it all began anymore! Read on for the movies with the most sequels ever. Or will Sherlock live on forever?James BondBond. After all, it's been a radio show, television show, comic book and pretty much everything else you can imagine. Photo Courtesy: solonas malkas/Flickr The movies revolve around beings called Cenolites that seek out humans for torturous experiments. Photo Courtesy: AntMan3001/Flickr Some big names in Hollywood have played this stoic hero over the years, including Christian Bale, George Clooney and Ben Affleck. They're often released exactly on Friday the 13th, which makes seeing them in theaters even more exciting. If it's anything like Halloween, it'll last for many more years.El Hombre Lobo / Wolf ManThe Hombre Lobo series follows Count Waldemar Daninsky, a werewolf, who oftentimes gets into trouble with other scary monsters like vampires and even Frankenstein. Needless to say, these movies have made billions of dollars in profits.GodzillaThe first Godzilla movie premiered in 1954. The original series was made up of five films released between 1968 and 1973. Photo Courtesy: AntMan3001/Flickr So what is the official number of Superman movies? Photo Courtesy: BagoGames/Flickr This idea resonated so much with fans that it's lasted for 12 installments since 2000. Photo Courtesy: Johan Oomen/Flickr What some don't realize, however, is that Bond was originally a literary figure created by Ian Fleming. Kong coming out the next year in November. These movies were released under different names all throughout Europe and made fair profits. Photo Courtesy: 光头人/Flickr Despite having been burned at the stake, Freddy Krueger isn't finished wreaking havoc on sleeping children. Whether you go for the older films from the 60s or the more recent reboot from the 2000s, you'll find comedy and suspense rolled together into one delightful movie. It's a sadistic, terror-filled franchise appealing to the same people that love Saw, Halloween and Nightmare On Elm Street. Photo Courtesy: Mubarak ALThani/Flickr This twisted horror franchise has produced nine films as of 2020's The Organ Donor. Photo Courtesy: KAMiKAZOW/Wikimedia Commons Ask any Star Wars fan, and they'll have a favorite character: cunning Princess Leia, good-hearted Luke Skywalker, the wise Yoda or one of the many other central characters! Fans have proven that they'll never get enough of the Force.Friday the 13thAny time October 31st rolls around, you'll likely see people impersonating the villain of these popular horror films. Apparently, nothing. With such a unique plotline, it's no wonder it's lasted so long.Planet of the ApesLike many successful movie series, Planet of the Apes inspired a loyal cult following in its heyday. That's a lot of air time. Only time will tell.BatmanEvery movie in the Batman series may not technically qualify as a sequel, but the sheer number of them is impressive in itself; there are 14 Batman films dating as far back as 1943. In fact, the first Batman movies were a form of World War II propaganda. This is essentially the premise of X-Men: certain people have powers, and they're swept into a world of heroism and crime-fighting. The numbers show that this classic concept is still engaging to viewers, even if it has been forty years since the first — and it might last forty more.King KongThe King Kong movies are as imposing as the giant gorilla himself, with twelve hit films that haven't ceased to entertain. When they rebooted the series, Steve Martin's hilarious performance made them instant hits.Madea SimmonsIt's not the male-actor-dressed-as-female-character gag that makes Tyler Perry's Madea films such a huge success as much as Madea herself. Photo Courtesy: Keng Susumpow/Flickr King Kong goes head to head with another giant monster, Godzilla, in a new entry in 2020. Photo Courtesy: Sunset Boulevard/Getty Images The first movie influenced many slasher films to come and continues to be a fan favorite.
