If this is the case, open the "settings" menu, choose "general" and then select "reset" to initial settings." You'll see a series of prompts to navigate. Recorded TV To view a list of the recordings on your Smart TV, select Recorded TV. You should see a confirmation of successful set-up once you finish.LG TV Firmware UpdateLG offers some troubleshooting assistance online to help owners. You can control the photo being displayed with the Progress Bar at the bottom of the screen. When the device appears on your phone, tap the listing and complete the few short steps necessary to complete your pairing. You can select background music from any connected device. Pauses the recording. OptionSets the video playback, image, and sound options. Smartshare™ Search When using Smartshare™, select the Search button () at the top of the screen. You'll then have to set up your TV again as you did when you first bought it. You can sort search results by the newest date. Starts or stops the background music. Pauses the track. This involves downloading the firmware file for your product from the LG website onto a flash drive. Files that do not comply with DivX codec standards may have audio or video errors or may not play. Extension Codec. .mkv,mp4 ts Video H.264/AVC Audio Dolby Digital, Dolby Digital Plus, AAC, HE-AAC. ts Video H.265(HEVC) Audio Dolby Digital, Dolby Digital Plus, AAC, HE-AAC Some ULTRA HD models need connection with "ULTRA HD Upgrade Kit". Finally, LG TV Plus app will allow you to watch on your phone what you're watching on your TV, provided that the source device is connected via component or composite video. Rewinds the video. How the LG TV Remote App WorksTo get started, download LG TV Plus for your Apple or Android phone or tablet from iTunes or Google Play. In addition to the procedures described in the SmartShare™ Connecting Guide, you can also use other methods to connect your Smart TV to other digital devices. With your Smart TV remote app set up, you can use your phone or tablet to control the volume and channel settings on your TV. LG's ULTRA HD is fully compatible with most of ULTRA HD contents encode in HEVC delivering stunning high resolution contents. You can control the recording being played using the Progress Bar at the bottom of the screen. Before you can use SmartShare™, you must connect the peripheral device to the same network as your Smart TV. DivX(R) VOD Registers or deregisters DivX(R) VOD. After establishing the connection, you can enjoy the stored content on the large screen of your Smart TV. Starts or stops the slideshow. Find out how to get the Smart TV remote app, how it works, and more. Delete/Protection: Deletes recordings or protects recordings from being deleted. This Smart TV may not be able to play videos created using certain encoding methods. Video file formats not supported by Smart TV may not play properly. Note: All LG Smart TVs are compatible with the Smart TV remote app, however for certain older model TVs, you may need to download the 2011 app, rather than the current standard app. MORE FROM QUESTIONSANSWERED.NET The SmartShare™ function allows you to play multimedia files from peripheral devices on your Smart TV. CONTROL allows you to use the home button, as well as a touch pad that controls the pointer on the TV. Wi-Fi Direct Specifies the wireless network to which your Smart TV connects, such as Wi-Fi Direct or WiDi. Auto Play on Receive Determines whether your Smart TV prompts you before playing content from other devices or automatically plays the content. LG releases firmware updates periodically, designed to fix issues, enhance features and add new applications.You can set your LG TV to update automatically by opening "all settings," choosing "general" and selecting "about this TV." Place a check beside "allow automatic updates." You can also set your TV to update firmware manually. My TV Name Specifies the name that appears when other devices search for your Smart TV. This Smart TV does not support streams that include GMC (Global Motion Compensation) and Opel (Quarterpel Motion Estimation). Select a photo from the photo list to display it on the screen. Uninstall then re-install the LG TV Plus app. Using the magic remote, you set language, your location and time zone. Some users hear a ticking sound coming from the back of the TV. Plays the next track. Rewinds the recording. Plays the previous file. Select a video from the list to play it. Make sure the TV is powered on. Back Next Home LIVE TV remote will let you set channels, volume, mute, and 3D functions (if sported by the TV). You can listen to music with the TV screen turned off. The app should automatically find your Smart TV. You can receive assistance for a variety of issues, such as setting your best picture settings, screen sharing, updating firmware, troubleshooting Internet connection, fixing a dark or dim picture, making horizontal or vertical lines disappear, fixing a "no signal" message on the TV. Music To view a list of all the music files shared via SmartShare™, select Music. Fast forwards the recording. Back Next Home Make sure to type LG TV Plus into the search bar for Android devices, or LG TV remote-webs for iOS devices. You can use Smartshare™ to search for shared videos, pictures, music and recorded files. Clip-Edit Edits a section. OptionSets the photo playback, image, and sound options. Maximum data transfer rate Full HD 1920 X 1080: 20 Mbps (Mega bit per second) ULTRA HD [Depending on model] ULTRA HD Video 3840 X 2160 (H.264 L5.1) : 50 Mbps 3840 X 2160 (H.265 L5.0) : 25 Mbps Subtitle formats supported Item Information External subtitle formats. smi, .srt, .sub (MicroDVD, SubViewer 1.0/2.0), .ass, .ssa, .txt (MPlayer), .psb (PowerDivX), .des (DLP Cinema) Internal subtitle formats Full HD Video (1920 X 1080) : XSUB (Supports internal subtitles generated from DivX6) ULTRA HD Video (Supports only ULTRA HD model) : It does not support internal subtitles. LG TV Plus App Settings allows you to see mini controller, TV software updates and about. Plays the next recording. Repeat Repeats a section. Videos To view a list of all the videos shared via SmartShare™, select Videos. While using Smartshare™, you can search for content offered by a different service. After downloading and extracting into the "LG DTV" folder on the flash drive, insert the flash drive into the TV and follow the prompts.Troubleshooting LG TV ProblemsTroubleshooting assistance on the LG website is extensive. If the issue persists, Contact Us. Print Email Copy Link *Required question Control your LG Smart TV with your phone or tablet. Click on any topic to proceed through the troubleshooting sequence.Common LG TV ProblemsA common issue exists with a black screen while the LG TV is on. Plays the track. TV Inputs will allow you to change your input. CONTROL allows you to use the home button, as well as the arrow keys. Recent To view a list of recently viewed or added content, select Recent. TV MENU allows you to use the power button, TV App list, Channel list, TV Inputs, Search, TV Home, Channel List, and TV Settings. Because our TVs can connect to your Wi-Fi and communicate with your mobile devices wirelessly, if you want or need to, you can set your remote aside (and never pick it up again). Back Next Home Open the App store after opening the App for the first time, you will need to accept LG's End User License Agreement. Enter the PIN code presented to you by the TV. In addition, you'll find a Smart home button, and access to a numerical keypad, as well as your apps, a channel list, and 3D4 and input controls. Users hear audio without video showing on the screen. Be aware of firmware updates and factory resets if they come up too.How to Set Up Your LG TVLG has simplified the set-up process to make it easy for users to get started. You can control the video being played with the Progress Bar at the bottom of the screen. The video file and subtitle file must be within the same folder. Select a recording from the list to play it. Plays the video. Next, you'll either connect the TV to the Internet via Ethernet cable or Wi-Fi, and you'll enter your network password if necessary. This Smart TV supports only V2 or higher Window Media Audio formats. This list displays the names, icons, and types of devices connected to your Smart TV, such as USB devices, smartphones, and PCs. Select a connected device to open its sub folders and files. The Menu button on the top left will allow you to disconnect from the TV, see remote control options, mobile content, and LG TV Plus App Settings. CONTROL allows you to use the home button, as well as a touch pad that controls the pointer on the TV. The SmartShare™ Connecting Guide appears automatically the first time that you use SmartShare™. The on/off light blinks red instead of shifting to a green solid light. To delete the content of the Recent list, select Delete History. You will be asked if you want to grant this App access to your photos. Along with basic TV controls, you'll also have the power to use a cursor and scroll bar, and the ability to enter game pad mode, which features basic and full control options for playing your favorite games. LG explains that this is a known issue with specific video/input. Once that's done, select "device scan" in the app. Smart Home () > SmartShare™ > Settings You can set the following SmartShare™ functions. If the issue persists, try other apps. This Smart TV only supports the DTS audio codec when playing video files from a USB device. If the issue persists, Contact Us. Restart your mobile device. Plays the next file. Linked Device To view a list of the devices connected to your Smart TV via SmartShare™, select Linked Device. LG Smart TVs not only deliver a theater-like experience at home, but with the technology built into every television we make, they can also help streamline your space - and your life. On the Smart TV home screen, select SmartShare™ to view a list of the content available through SmartShare™. The Menu button will allow you to disconnect from the TV, see remote control options, mobile content, and LG TV Plus App Settings. Click through each prompt, including designating your TV's service, entering your zip code and connecting to your set-up box if applicable. LG TV Plus App Settings allows you to see TV page password, share content to the TV Page, share calendar with TV and about. Then, open the app, choose the type of device you're using, and turn your TV on. Select the TV you wish to connect to. Before the search service initiates, the search icon will be deactivated () and will activate when the search function is ready. The file size limit is dependent on the encoding environment. Fast forwards the video. Image files supported Format Item Information 2D(jpeg, jpg, jpe) JPEG Minimum 64 x 64 Maximum 3D (jps) JPS Minimum 64 x 64 Maximum 3D (mpo) MPO 4:3 aspect ratio 3648 x 2736 2592 x 1944 2048 x 1536 3:2 aspect ratio 3648 x 2432 Audio files supported Format Item Information mp3 Bit rate 32 Kbps - 320 Kbps Sample freq. Make sure both the TV and the mobile device are connected to the same Wi-Fi network. However it may not support certain types of code contents. Repeats the track. If the issue persists, uninstall then re-install the LG TV Plus app. If other apps are working, uninstall then re-install the LG TV Plus app. You can follow the steps shown in the SmartShare™ Connecting Guide to easily connect your Smart TV to other digital devices. Proceed through the prompts to finish resetting your LG TV to its original settings. Smartshare™ searches may be delayed when first connecting to an external device. The mini controller allows you to temporary connect and disconnect from the TV Back Next Home LIVE TV remote will let you set channels, volume, mute, and 3D functions (if sported by the TV). You will be asked if you want to grant this App access to your music, video and media library. New codecs can be updated through SW upgrade. Select a music file from the music list to play it. You can control the music file being played using the Progress Bar at the bottom of the screen. Rotates the photo clockwise by 90°. Prior to proceeding through the troubleshooting process, LG recommends that users ensure that firmware is updated. You must disable the protection on a recording before you can delete it. This Smart TV does not support AAC Main Profiles. Plays the recording. Make sure your TV's Model Number is listed in the LG TV Plus app. If the issue persists, try the remote that came with the TV. Always use the DivX registration code provided with this product.
