Chests available in the Pirate's Plunder Event contain valuable items such as Treasure Objects, Coins, Life Orbs, and Treasures. Players can find them on the map or by harvesting generators and tapping event quest stars. Additionally, users who accept all cookies agree to Reddit's use of cookies for better experience. Chests are a crucial element in Merge Dragons, coming in various shapes and forms. There are different types of chests available, including Moon Chest, Golden Chest, Occult Chest, Dangerous Chest, Pearlescent Chest, and Chance Chests. Chance Chests were introduced in Version 9.3.0 and can be obtained rarely as a bonus from daily rewards. They contain a 'Chance' wheel to spin for Dragons, Dragon Nests, and Dragon Eggs. Players can collect Daily Treasure Chests every 23 hours, which is now permanently replaced with Daily Rewards as of Version 6.7.0. Chests are also available in the Buy Menu using Stone Bricks as currency, offering items from different Merge Chains that can be merged into level 2 chests or used for rewards. Dragon Power increase goals as a group with increasing levels of requirements. The first level's chest unlocks at 50 points, followed by 200, 750, 2,500, and finally 7,500 points for the fifth level. To collect all max-level Chests requires 11,000 points. Kala's Rucksack is rewarded for completing daily Kala's trade, which mainly contains Dragon Eggs/Nests but sometimes rare Merge Chain items. Depending on bonus chances of trades, a Kala's Bonus Rucksack may also be awarded with similar loot. Season Bonus Chests are currently to-be-determined. Super Nest Vaults and Mega Nest Vaults are rare variations of Dragon Chests that can only be opened by spending Gems within the Camp. These chests contain unique items and eggs from specific events. Time Travel Chests were introduced in version 9.2.0. They can be obtained as a bonus from various rewards, containing Dragon Eggs/Nests from past Events. These chests require Dragon Gems to unlock and can only be merged up to level 3. Trophy Chests can be obtained by tapping Event Trophies every 10 hours spent in the Camp. Level 1 Trophy Chests may turn into a higher-level Dragon Tree or Life Orb, while Level 2 has a 10% chance of turning into an Event Dragon Egg. Bountiful Chests are non-mergeable chests containing standard Dragon Eggs and low-level items from their respective levels. They have unique rules for unlocking and acquiring them, including a set amount of time or Dragon Gems required based on quality and size. Bounty Boxes were also introduced in version 9.2.0. These chests can be obtained as bonuses and contain random Merge Chain items depending on the player's current camp contents. They require Dragon Gems to unlock and can only be merged up to level 3. Dragon Chests have different types such as Wooden, Stone, Red Padded, Purple Padded, and Pink Chests. Dragon Chests can only be opened by spending Dragon Gems within Camp, but they can be obtained for free in Levels. Level 1-3 Dragon Egg Chests are primarily gained through harvesting items or healing Dead Land in the Camp. Treasure Chests may contain Egg Chests and Nest Vaults, and level 4 Huge Nest Vaults require merging. To distinguish between similar chests, check their price and origin. Grimm Chests can be harvested from Grimm Trees (Levels 4-10) and contain Dead Things, seeds, and graveyards. Merging three Grimm Chests of Suffering may spawn a Swamp Zomblin or give you a Pile of Riches. Treasure Chests can be collected through various methods, including tapping Goal Stars, merging items, level rewards, and harvesting by Dragons. They contain Life Orbs, magic coins, and Dragon Chests. Treasure Chests can be merged multiple times to gain better rewards and function as a main source of Dragon Chests. Premium Loot Cache is an unofficial level 8 Treasure Chest found in Sea Breeze ? Secret Level or during Den Events. Arcane Chests are not a chest, and opening Arcane Chests does not count toward the Season Portal Upgrade request. Den Events feature different Event Chests that can be purchased with Dragon Gems. Every Event features Event-specific Chests containing Event Point Items, Limited Harvestables, Life Orbs, and Magic Coins.
