The #1 New York Times bestselling series!Perfect for fans of Lauren Robert’s Powerless and George R.R. Martin’s Game of Thrones series, Glass Sword is the high-stakes follow-up to the #1 New York Times bestselling Red Queen.Mare Barrow’s blood is red—the color of common folk—but her Silver ability, the power to control lightning, has turned her into a weapon that the royal court tries to control. The crown calls her an impossibility, a fake, but as she makes her escape from Maven, the prince—the friend—the brother—who betrayed her, Mare uncovers something startling: she is not the only one of her kind.Pursued by Maven, now a vindictive King, Mare sets out to find and recruit other Red-and-Silver fighters to join in the struggle against her oppressors. But Mare finds herself on a deadly path, at risk of becoming exactly the kind of monster she is trying to defeat. Will she shatter under the weight of the lives that are the cost of rebellion? Or have treachery and betrayal hardened her forever?Discover more wonders in the world of Red Queen with Broken Throne, A Red Queen Companion, a companion novel with stories from fan favorites and new voices, featuring never-before-seen maps, flags, bonus scenes, journal entries, and much more exclusive content! I jumped on the Red Queen bandwagon very early. And despite some divided opinions from readers, I personally read and enjoyed all four books. But there are novellas, too, and that raises questions about the proper Red Queen series order. If you’ve yet to read a single book, there are two different Red Queen series orders to choose from. The first way is to read by order of publication, and the second is chronological order. We’ll cover both Red Queen series orders so you can determine which works best for you. Red Queen came into being after Victoria Aveyard graduated from the University of Southern California with a Bachelor of Fine Arts in screenwriting, no job lined up, and an intense desire to write a YA novel. At 22, she returned home to East Longmeadow, Massachusetts and began writing her first draft. A representative from a television production company had been the one to encourage her to pursue writing her book. Once her manuscript was written that contact passed it along and Aveyard secured a three-book deal with HarperTeen. Along the way, three books turned into four and a handful of novellas to provide more background and character development. Red Queen also sold out its initial print run of 150,000 copies and the film rights were sold to Universal Studios before the book’s publication. The film adaptation has since turned into a series adaptation for the streaming platform Peacock. Elizabeth Banks will direct, executive produce, and star in the production. Aveyard will also be an executive producer and co-wrote the pilot with Beth Schwartz, another executive producer and the showrunner. When Aveyard began writing Red Queen, her dream was for it to be published. She says that everything that has followed since has far exceeded her initial dream. Aveyard currently lives in Los Angeles, California with her husband. She keeps up a very active social media presence, hopping on BookTok trends and giving fans a glimpse into her life as author. Because all of the various novellas are now bundled together in a single book, each of the links below will take you to that one volume, but I’ve still separated them out so you know exactly when to read them. You can also opt to purchase the first two individually as they’re still available, but I’d recommend just grabbing the Broken Throne collection if you plan to read the novellas. I read the Red Queen books by publication date, and it’s a perfectly acceptable method for reading the series. It’s also the method I’d recommend if this is your first time reading the series. ExtrasRed Queen Coloring BookRed Queen Collector’s EditionGlass Sword Collector’s EditionNow that we’ve listed out two ways to read the Red Queen books in order, let’s take a closer look at each of the books in the series. 1. Red Queen Red Queen is the first book in the Red Queen series. It follows Mare Barrow and her struggles with an oppressive government that sees Red bloods (aka those without magic) like her as inferior. The silvers (magic users) reign over them with a steel first. That is until Mare exhibits powers of her own, and suddenly their whole world is upended by this new truth. The Silvers will do anything to keep it hidden, and the Reds are ready to rise up against their oppressors. 2. Glass Sword Glass Sword continues the story pretty much right where they left off in Book 1. I can’t really tell you anything about the conflict as it’s major spoilers for one of the greatest twists of all time in the original book. But in Glass Sword, Mare discovers she is not the only Red with powers and she seeks to recruit them all in her effort to fight against their Silver oppressors. 3. King’s Cage King’s Cage is where things in the Red Queen series really start to get dicey. War is brewing and the fight against the Silvers escalates. Mare is in some serious trouble. That’s all I can say, and it’s up to the Scarlet Guard to save her if they hope to continue their resistance. War Storm is the final installment in the Red Queen series and the epic conclusion to the war between the Reds and the Silvers. Two sets of nations have allied to fight against each other in the great Norton Civil War. There’s a lot of subterfuge and misdirection going on, with an ever uncomfortable relationship between Mare and her love interest that makes this book exciting yet somehow hard to read at the same time. Broken Throne collects the original two novellas with three new novellas that haven’t been published anywhere else. There’s also a War Storm bonus ending. It’s a collection that any Red Queen fan must have. Check out this Cosmere reading order by Brandon Sanderson. Glass Sword is the second novel in the Red Queen series by Victoria Aveyard. Young adult, fantasy, dystopian Summary[] If there's one thing Mare Barrow knows, it's that she's different. Mare Barrow's blood is red—the color of common folk—but her Silver ability, the power to control lightning, has turned her into a weapon that the royal court attempts to control. The crown calls her an impossibility, a fake, but as she makes her escape from Prince Maven, the friend who betrayed her, Mare uncovers something startling: she is not the only one of her kind. Pursued by Maven, now a vindictive king, Mare sets out to find and recruit other Red-and-Silver fighters to join in the struggle against their oppressors. But Mare finds herself on a deadly path, at risk of becoming exactly the kind of monster she is trying to defeat. Will she crumble under the weight of the lives that are the cost of rebellion? Or have treachery and betrayal hardened her forever? The electrifying next installment in the Red Queen series escalates the struggle between the growing rebel army and the blood-segregated world they've always known—and pits Mare against the darkness that has grown in her soul. Plot[1][1] Mare, Cal, Shade, Kilorn, Farley, and the rest of the Scarlet Guard are traveling by the underground train to Naercey. They are being pursued by King Maven and the Norton army. He has brought Red slaves to use as a human shield to protect his front line. Maven lets missiles fly in an air raid on Naercey. Evangeline Samos and Ptolemus Samos are on the ground with other Silver fighters. Mare and her friends manage to escape on a submarine, called a mersive, and are taken to Tuck Island. Upon arriving on the island, Mare sees that soldiers from the Kingdom of the Lakelands are there. The Lakeland commander, known as the Colonel, has taken over the leadership of the Scarlet Guard. It's revealed that the Colonel is Willis Farley. Farley's father. He immediately puts Cal in chains and takes him to be interrogated. Mare learns that her family has been safely brought to Tuck. She is reunited with them. Mare learns from Farley that Cal is locked up in Barracks 1, an underwater bunker. Mare and Kilorn go to talk with him. At the last second Kilorn pushes Mare into the cell of Silent Stone with Cal. Later, Kilorn, Shade, Farley, and the Colonel come to visit them. Shade, Farley, and Kilorn attack the Colonel and rescue Mare and Cal. Kilorn is able to grab the list of newbloods from the Colonel's office. The group steals an air jet to escape from Tuck and begin the search for newbloods before Maven kills them. The first newblood they find is Nix Maren. Mare and Elara agree to join them. Next, they travel to Harbor Bay. Farley uses her contacts with a smuggler gang, the Mariners, to get into the city. However, the gang betrays them because Maven has offered a large reward for the capture of Mare and Cal. The group is able to escape and they make it into Harbor Bay. They make it to the Security Center where the addresses for all citizens in the region are kept. They get the information they need, but discover that Maven has beaten them on their list. Wolliver Galt, and has set a trap for them. Maven uses an unknown machine on Mare that causes her great pain, as if her lightning is being uses against her. She passes out for four days. When she wakes up, she learns that her friends were able to save her and get them all out of the city. She also discovers that the machine Maven used on her has left lightning-shaped scars on her body. The group has spent the four days she was unconscious getting several of other newbloods out of Harbor Bay. They continue to find and recruit newbloods across the countryside. The newbloods treat Mare as the Lightning Girl—as an outsider. They see her as different. Mare struggles with not feeling like herself anymore, and she struggles with wanting to push Cal away and wanting him to stay close. Cal teaches and trains the recruits in how to use weapons, fight, and control their abilities. Maven begins leaving Mare notes in their quest to find more newbloods. When Maven reaches a Newblood first, the group arrives to find the Newblood and all of their family dead, even babies. In his notes he tells her that the killing will stop if she turns herself in. Mare doesn't tell anyone about the notes. Cal believes Maven is still in love with her and will do anything to get her back. Mare refuses to return, even if it means Maven will stop the violence. Mare and Cal both struggle with missing the Maven they thought they knew, and reconciling that person with who Maven really is. The group learns that Maven is sending the first 5,000 child soldiers conscripted under the Measures to the front lines, but they can't think of a way to save them. They are known as the Dagger Legion. It rosen the group meets a strange man named Jon who is a Newblood and a seer. He does not join them, but tells them that Julian Jacobs, Mare's old tutor and friend and Cal's uncle, and other Silvers who refused to bow to Maven are imprisoned with the newbloods in Corros Prison. Maven's mother, Queen Elara Meranduin, plans to use the newbloods in the war, Jon also points them to a young, headstrong Newblood named Cameron Cole, who will be vital to their plans. When they find her, the group discovers that she has escaped from Corros and has the ability to turn off the abilities of others. Cameron tells them she is on her way to rescue her brother, Morrey Cole, who is one of the soldiers in the Dagger Legion. She is forced by Mare to join their rescue mission. Mare convinces the group to go and reduce them. Cal plans to also release the Silvers that are being held prisoner as well in the hopes that they will join them, or at least help them escape. The idea of rescuing Silvers makes the others uncomfortable. Together, Mare's volunteer group of newbloods and her friends break into Corros Prison. They begin to release the newbloods and Silvers. Suddenly they are discovered and a battle breaks out. To the surprise of the group, Elara is there, and she goes after Mare. When Ptolemus, who is also at Corros, kills Shade as he rescues Mare, she loses control of her emotions and lightning and violently and brutally kills Elara. On the air jet Mare and Cal have a fight over her decision to kill the guards. Cal is appalled at her actions and Mare reminds him that he has killed thousands of Reds at a general in the Norton army. They remain of bad terms, and disagree about what should be done next. Cal wants to head back to their safe house, the the Notch, where they left the rest of their group, but Mare wants to go to Tuck to make a deal with the Colonel. Upon arriving at Tuck, Cal heads back to the Notch for the newbloods. Meanwhile, Mare and the Colonel strike a deal. They produce a broadcast with a message calling for reds, newbloods, and Silvers to rise up together against Maven. Mare also displays Elara's corpse. The Colonel introduces Mare to Rash and Tahir, representatives from the Free Republic of Montfort, a secretive country. Their leader has offered Mare and the other newbloods sanctuary. Mare refuses. The Colonel and Mare make a plan to rescue the Dagger Legion. The Colonel will take a group of volunteers and Mare will take another. They will attack on their terms. Her brothers, Bree and Tramy, join her for this rescue. As Mare's group, which includes Bree, Tramy, Kilorn, and Cal, fly to the Choke, they are attacked and their jet is ripped apart. They are all encased in cages and when they land on the ground they see Maven and his soldiers. Mare offers a trade to him. She will willingly go with Maven as his prisoner if he lets everyone else go free safely. Maven agrees. Mare is brought to Whitefire Palace where Maven broadcasts her surrender. She is made to walk past Silver Elites as they call her a murderer, traitor, and other vile names. He makes her kneel at his feet while he places a golden collar and leash around her neck. Maven promises that she will be put on display, just as Mare did to his mother's body. They make it to the Security Center where the addresses for all citizens in the region are kept. They get the information they need, but discover that Maven has beaten them on their list. Wolliver Galt, and has set a trap for them. Maven uses an unknown machine on Mare that causes her great pain, as if her lightning is being uses against her. She passes out for four days. When she wakes up, she learns that her friends were able to save her and get them all out of the city. She also discovers that the machine Maven used on her has left lightning-shaped scars on her body. The group has spent the four days she was unconscious getting several of other newbloods out of Harbor Bay. They continue to find and recruit newbloods across the countryside. The newbloods treat Mare as the Lightning Girl—as an outsider. They see her as different. Mare struggles with not feeling like herself anymore, and she struggles with wanting to push Cal away and wanting him to stay close. Cal teaches and trains the recruits in how to use weapons, fight, and control their abilities. Maven begins leaving Mare notes in their quest to find more newbloods. When Maven reaches a Newblood first, the group arrives to find the Newblood and all of their family dead, even babies. In his notes he tells her that the killing will stop if she turns herself in. Mare doesn't tell anyone about the notes. Cal believes Maven is still in love with her and will do anything to get her back. Mare refuses to return, even if it means Maven will stop the violence. Mare and Cal both struggle with missing the Maven they thought they knew, and reconciling that person with who Maven really is. The group learns that Maven is sending the first 5,000 child soldiers conscripted under the Measures to the front lines, but they can't think of a way to save them. They are known as the Dagger Legion. It rosen the group meets a strange man named Jon who is a Newblood and a seer. He does not join them, but tells them that Julian Jacobs, Mare's old tutor and friend and Cal's uncle, and other Silvers who refused to bow to Maven are imprisoned with the newbloods in Corros Prison. Maven's mother, Queen Elara Meranduin, plans to use the newbloods in the war, Jon also points them to a young, headstrong Newblood named Cameron Cole, who will be vital to their plans. When they find her, the group discovers that she has escaped from Corros and has the ability to turn off the abilities of others. Cameron tells them she is on her way to rescue her brother, Morrey Cole, who is one of the soldiers in the Dagger Legion. She is forced by Mare to join their rescue mission. Mare convinces the group to go and reduce them. Cal plans to also release the Silvers that are being held prisoner as well in the hopes that they will join them, or at least help them escape. The idea of rescuing Silvers makes the others uncomfortable. Together, Mare's volunteer group of newbloods and her friends break into Corros Prison. They begin to release the newbloods and Silvers. Suddenly they are discovered and a battle breaks out. To the surprise of the group, Elara is there, and she goes after Mare. When Ptolemus, who is also at Corros, kills Shade as he rescues Mare, she loses control of her emotions and lightning and violently and brutally kills Elara. On the air jet Mare and Cal have a fight over her decision to kill the guards. Cal is appalled at her actions and Mare reminds him that he has killed thousands of Reds at a general in the Norton army. They remain of bad terms, and disagree about what should be done next. Cal wants to head back to their safe house, the the Notch, where they left the rest of their group, but Mare wants to go to Tuck to make a deal with the Colonel. Upon arriving at Tuck, Cal heads back to the Notch for the newbloods. Meanwhile, Mare and the Colonel strike a deal. They produce a broadcast with a message calling for reds, newbloods, and Silvers to rise up together against Maven. Mare also displays Elara's corpse. The Colonel introduces Mare to Rash and Tahir, representatives from the Free Republic of Montfort, a secretive country. Their leader has offered Mare and the other newbloods sanctuary. Mare refuses. The Colonel and Mare make a plan to rescue the Dagger Legion. The Colonel will take a group of volunteers and Mare will take another. They will attack on their terms. Her brothers, Bree and Tramy, join her for this rescue. As Mare's group, which includes Bree, Tramy, Kilorn, and Cal, fly to the Choke, they are attacked and their jet is ripped apart. They are all encased in cages and when they land on the ground they see Maven and his soldiers. Mare offers a trade to him. She will willingly go with Maven as his prisoner if he lets everyone else go free safely. Maven agrees. Mare is brought to Whitefire Palace where Maven broadcasts her surrender. She is made to walk past Silver Elites as they call her a murderer, traitor, and other vile names. He makes her kneel at his feet while he places a golden collar and leash around her neck. Maven promises that she will be put on display, just as Mare did to his mother's body. It comes with a printed case and has color interior art, a redesigned cover, silver-stained edges, and a bonus Glass Sword scene from Shade Barrow's point of view about the early stages of his relationship with Farley.[2] The Barnes & Noble Exclusive Edition of Glass Sword includes a full-color guide to the Silver Houses, as well as an alternate Red Queen ending and Glass Sword opening chapter.[3] References[] I jumped on the Red Queen bandwagon very early. And despite some divided opinions from readers, I personally read and enjoyed all four books. But there are novellas, too, and that raises questions about the proper Red Queen series order. If you’ve yet to read a single book, there are two different Red Queen series orders to choose from. The first way is to read by order of publication, and the second is chronological order. We’ll cover both Red Queen series orders so you can determine which works best for you. Red Queen came into being after Victoria Aveyard graduated from the University of Southern California with a Bachelor of Fine Arts in screenwriting, no job lined up, and an intense desire to write a YA novel. At 22, she returned home to East Longmeadow, Massachusetts and began writing her first draft. A representative from a television production company had been the one to encourage her to pursue writing her book. Once her manuscript was written that contact passed it along and Aveyard secured a three-book deal with HarperTeen. Along the way, three books turned into four and a handful of novellas to provide more background and character development. Red Queen also sold out its initial print run of 150,000 copies and the film rights were sold to Universal Studios before the book’s publication. The film adaptation has since turned into a series adaptation for the streaming platform Peacock. Elizabeth Banks will direct, executive produce, and star in the production. Aveyard will also be an executive producer and co-wrote the pilot with Beth Schwartz, another executive producer and the showrunner. When Aveyard began writing Red Queen, her dream was for it to be published. She says that everything that has followed since has far exceeded her initial dream. Aveyard currently lives in Los Angeles, California with her husband. She keeps up a very active social media presence, hopping on BookTok trends and giving fans a glimpse into her life as author. Because all of the various novellas are now bundled together in a single book, each of the links below will take you to that one volume, but I’ve still separated them out so you know exactly when to read them. You can also opt to purchase the first two individually as they’re still available, but I’d recommend just grabbing the Broken Throne collection if you plan to read the novellas. I read the Red Queen books by publication date, and it’s a perfectly acceptable method for reading the series. It’s also the method I’d recommend if this is your first time reading the series. ExtrasRed Queen Coloring BookRed Queen Collector’s EditionGlass Sword Collector’s EditionNow that we’ve listed out two ways to read the Red Queen books in order, let’s take a closer look at each of the books in the series. 1. Red Queen Red Queen is the first book in the Red Queen series. It follows Mare Barrow and her struggles with an oppressive government that sees Red bloods (aka those without magic) like her as inferior. The silvers (magic users) reign over them with a steel first. That is until Mare exhibits powers of her own, and suddenly their whole world is upended by this new truth. The Silvers will do anything to keep it hidden, and the Reds are ready to rise up against their oppressors. 2. Glass Sword Glass Sword continues the story pretty much right where they left off in Book 1. I can’t really tell you anything about the conflict as it’s major spoils for one of the greatest twists of all time in the original book. But in Glass Sword, Mare discovers she is not the only Red with powers and she seeks to recruit them all in her effort to fight against their Silver oppressors. 3. King’s Cage King’s Cage is where things in the Red Queen series really start to get dicey. War is brewing and the fight against the Silvers escalates. Mare is in some serious trouble. That’s all I can say, and it’s up to the Scarlet Guard to save her if they hope to continue their resistance. War Storm is the final installment in the Red Queen series and the epic conclusion to the war between the Reds and the Silvers. Two sets of nations have allied to fight against each other in the great Norton Civil War. There’s a lot of subterfuge and misdirection going on, with an ever uncomfortable relationship between Mare and her love interest that makes this book exciting yet somehow hard to read at the same time. Broken Throne collects the original two novellas with three new novellas that haven’t been published anywhere else. There’s also a War Storm bonus ending. It’s a collection that any Red Queen fan must have. Check out this Cosmere reading order by Brandon Sanderson. Mare Barrow's blood is red—the color of common folk—but her Silver ability, the power to control lightning, has turned her into a weapon that the royal court tries to control. The crown calls her an impossibility, a fake, but as she makes her escape from Maven, the prince—the friend—who betrayed her, Mare uncovers something startling: she is not the only one of her kind.Pursued by Maven, now a vindictive king, Mare sets out to find and recruit other Red-and-Silver fighters to join in the struggle against her oppressors. But Mare finds herself on a deadly path, at risk of becoming exactly the kind of monster she is trying to defeat. Will she shatter under the weight of the lives that are the cost of rebellion? Or have treachery and betrayal hardened her forever?The electrifying next installment in the Red Queen series escalates the struggle between the growing rebel army and the blood-segregated world they've always known—and pits Mare against the darkness that has grown in her soul. Plot[1][1] Mare, Cal, Shade, Kilorn, Farley, and the rest of the Scarlet Guard are traveling by the underground train to Naercey. They are being pursued by King Maven and the Norton army. He has brought Red slaves to use as a human shield to protect his front line. Maven lets missiles fly in an air raid on Naercey. Evangeline Samos and Ptolemus Samos are on the ground with other Silver fighters. Mare and her friends manage to escape on a submarine, called a mersive, and are taken to Tuck Island. Upon arriving on the island, Mare sees that soldiers from the Kingdom of the Lakelands are there. The Lakeland commander, known as the Colonel, has taken over the leadership of the Scarlet Guard. It's revealed that the Colonel is Willis Farley. Farley's father. He immediately puts Cal in chains and takes him to be interrogated. Mare learns that her family has been safely brought to Tuck. She is reunited with them. Mare learns from Farley that Cal is locked up in Barracks 1, an underwater bunker. Mare and Kilorn go to talk with him. At the last second Kilorn pushes Mare into the cell of Silent Stone with Cal. Later, Kilorn, Shade, Farley, and the Colonel come to visit them. Shade, Farley, and Kilorn attack the Colonel and rescue Mare and Cal. Kilorn is able to grab the list of newbloods from the Colonel's office. The group steals an air jet to escape from Tuck and begin the search for newbloods before Maven kills them. The first newblood they find is Nix Maren. Mare and Elara agree to join them. Next, they travel to Harbor Bay. Farley uses her contacts with a smuggler gang, the Mariners, to get into the city. However, the gang betrays them because Maven has offered a large reward for the capture of Mare and Cal. The group is able to escape and they make it into Harbor Bay.
