A Roblox game called Tower Defense Shinobi is inspired by Naruto Shippuden yet is similar to Omega Tower Defense Simulator. The game is one of many with an anime theme, including Anime Rifts, Demonfall, and True Piece. In order to protect their fortress from intruders, players in the game recruit troops that are styled after their favorite Naruto characters. They receive in-game cash as prizes for leveling up, which they can spend to purchase additional characters and Fishcakes to increase their strength. The Tower Defense Shinobi codes will provide you free Fishcakes and Yen in the game. Keep reading this article till the end to find out all the active codes. Some codes are given after purchasing a certain item (such as the Scout Plush), with each one being unique. On rare occasions, towers and emotes may be later moved to the store (like the Russian emote and John tower, now the Militant tower).You can redeem codes by inputting a code into the code box which is found on the bottom side of your screen in the form of a Twitter icon whenever you are in the lobby.For skin codes, you need to have the tower in question to redeem the code. If you do not have the tower, you cannot redeem the code.The Codes page was last updated on the 24th of May 2025.All dates are in the daymonthyear (DD/MM/YYYY) format. Manual CodesThese codes are manually created by the developers of the game. Most codes can only be redeemed for a limited time, but some (like the Hunter tower) are available for extended periods of time. Some codes also can only be used by a set amount of people.CodeRewardsCode CreatedStatus4BVisits1 Premium Skincrate14/05/2025ExpiresEnterCodeHere1 Coin Crat01/04/202519/04/2025ExpiresEnter Code Here1 Coin Crat01/04/2025Expires1POINT7MIL1 Vendor Skin (Farm)19/03/202519/04/2025ExpiresMERRY2024!2Cookie Scout & 1 Holiday Crate25/11/2024ExpiresTD55YEARS!31 Party Skincrate05/06/2024ExpiresIMCONSUMING!411 Mid Grade Consumable Crate10/05/2024ExpiresMERRYXMAS2023! It was first released on 17th September, 2018. It is a tower-defense based game on the Roblox platform and has already taken a grand place in a fantasy world with different maps, each with its own culture. Tower Defenders has fundamentally eight game modes. Among them, the difficulty game modes are Easy, Normal, Hard, and Legendary; then comes the exclusive game modes which are PVP, Ranked PVP, URF (Ultra Rapid Fire), and lastly Endless. In all difficulties, except the PVP modes, each map holds one lane where the enemy unit will come out of a set amount of waves, remaining till Wave 37. All of the maps also have a Rush building where fixed mobs will spawn during Rushes. It also has five categories of towers or abilities. These include Physical Damager, Magical Damager, Support, Utility, and Barracks respectively. Each mob also has five stats which are health, damage, physical armor, magical armor and walkspeed.Certain codes can change the player's gaming experience in Tower Defenders, as these codes can unlock many freebies such as shards and skins. A redemption box will appear.Accurately type or copy the suitable code and hit the Redeem button.If the code is correct and active, you will get the corresponding rewards immediately. Gamers must double-check the active codes to avoid typos and typographical errors after manually entering them. To be safe, players can copy and paste the code throughout the redemption process. Players are advised to bookmark our page to access the active codes quickly in Tower Defenders. More on Tower Defenders Each individual can have five tower slots. The first slot given to the player will be up until the beginning of their first game. The next slot will be earned by getting their first kill, the next slot will be received through level progression and the other two slots will be accomplished through achievements.Choosing accurate towers is essential for this whole procedure. In addition to this, there are also three ability slots. The first one will also be given upon the first game being played and lastly, the other two will be earned through achievements. About the author Quick LinksEdited by Anirudh Padmanabhan Players can now redeem Roblox Tower Defense Simulator codes to get a free skin. It is an accessory dedicated to a powerful character in the game. Sadly, there is just one active code, which gives this skin. Most of the others that gave crates, gems, and much more have expired. If fans were unaware, these did not come with a known expiry date. However, it is not the end of the road because the developers keep publishing more codes. They simply need a little motivation, and only request that the playerbase give their title a thumbs-up and add it to their list of favorite games. Both these actions can be performed by visiting Tower Defense Simulator's homepage on the platform. All the active and expired codes in Roblox Tower Defense Simulator Listed below are all working codes in Roblox Tower Defense Simulator There is only one active code in the game at the moment:JOHNRETURNS - This active code can be redeemed for the John SkinThe process to redeem the above code is extremely easy. We continue to search for codes and we test them regularly. We are the best resource for Tower Defense Simulator codes. You can also find more codes by following theTower Defense Simulator Twitteraccount and joining the Tower Defense Simulator Discord server. Codes are often posted on those social media sites before they're officially released anywhere else, so it's a good idea to keep your eye on them! For those new to Tower Defense Simulator, or those who were just unaware of this bonus, any player who joins the Paradoxum Gems Roblox group can earn a free +\$100 starting cash as well! Codes come in many different lifespans. Some expire quickly while others last longer, and Tower Defense Simulator codes are no different. If the codes in the working section are no longer working, first have a double-check if they have been copied or typed correctly; if so, then it's most likely the code has just expired. Sometimes developers don't activate the codes straight away, so feel free to check the page often to see if a brand new code has appeared. If you have any issues with the codes above, let us know and we will check them. Tower Defense Simulator challenges players to grind themselves, and an army of unique characters, all the way to the top by taking down waves of enemies, upgrading their troops and towers, and ultimately working toward becoming unstoppable. Players can unlock new characters and add them to their ever-growing roster as they fight alongside friends or solo in various game modes! Gaining additional XP is useful because you can unlock various rewards. These include additional troops that you can use in the game to bolster your army! Be sure to check out the Rewards menu on the side of the screen to see what you will gain by leveling up. Additional troops will give you different options to use when heading into different maps. It is a tower-defense based game on the Roblox platform and has already taken a grand place in a fantasy world with different maps, each with its own culture. Tower Defenders has fundamentally eight game modes. Among them, the difficulty game modes are Easy, Normal, Hard, and Legendary; then comes the exclusive game modes which are PVP, Ranked PVP, URF (Ultra Rapid Fire), and lastly Endless. In all difficulties, except the PVP modes, each map holds one lane where the enemy unit will come out of a set amount of waves, remaining till Wave 37. All of the maps also have a Rush building where fixed mobs will spawn during Rushes. It also has five categories of towers or abilities. These include Physical Damager, Magical Damager, Support, Utility, and Barracks respectively. Each mob also has five stats which are health, damage, physical armor, magical armor and walkspeed.Certain codes can change the player's gaming experience in Tower Defenders, as these codes can unlock many freebies such as shards and skins.
