All visitors, regardless of their nationality or the purpose of travel, are required to undergo this medical examination. The main aim of this test is to ensure that anyone who enters the country is free from any contagious diseases that could potentially pose a risk to public health. Lets dive into the details of what the immigration medical test entails and how you can go about getting it done.What is an Immigration Medical Test?The immigration medical test is a health screening process that is mandatory for anyone seeking to enter Saudi Arabia. It involves a series of medical procedures designed to check for the presence of certain infectious diseases. The Saudi Arabian government takes this precaution to protect public health and prevent the spread of contagious illnesses within the countrys borders. Also, Read: Frequently Asked Questions About The Baladiya Medical TestPrerequisites for Immigration Medical ExaminationBefore you go for the immigration medical examination, there are a few essential things to consider:Visa Application: First and foremost, you must apply for a visa to enter Saudi Arabia. The immigration medical test is a mandatory part of the visa application process.Find a Designated Medical Facility: Look for a designated medical facility that can conduct the immigration medicals. Abher Hospital is one such healthcare facility available in various locations across Saudi Arabia, including Sharafiyah, Ruwais, Ajwad, and Sanayiah, with branches in Madinah, Hail, and Dammam. Our world-class healthcare services make them a reliable choice for your medical checkup.Immigration Medical ProcessThe immigration medical process consists of several important steps:Blood Tests: A blood sample will be taken to check for the presence of specific diseases or infections in your system. These blood tests are crucial as they can detect diseases that might not be immediately apparent through physical examination.Urinalysis: Urine samples will also be collected to further assess your health and detect any potential issues.Chest X-ray: A chest X-ray is performed to screen for tuberculosis (TB) or any other respiratory conditions.Physical Examination: A thorough physical examination will be conducted by a qualified medical professional. They will check your overall health, including vital signs, eyesight, hearing, and other medical indicators.Procedures of Immigration Medical TestStep 1: Appointment: Schedule an appointment at the designated medical facility. Its essential to plan this well in advance to avoid any delays in your visa application process.Step 2: Testing: On the day of your appointment, you will undergo a series of tests. These include blood tests, a chest x-ray, and a physical examination. The tests are conducted by qualified medical professionals who will ensure your safety and comfort. After the tests, you will be given a period of time to wait for the results. During this time, you can relax and enjoy the facilities of the medical center. Once the results are ready, you will be informed by the medical staff. If you are found to be fit for the immigration medical test, you will be given a medical certificate. This certificate is valid for a period of 60 days and must be presented to the Saudi Arabian consulate in your home country to complete the visa application process. If you are found to have any of the diseases screened, your visa application may be rejected to protect public health in Saudi Arabia. Book Now Jesus is Mine10:20 03 Mar 25Harley Street Health Centre has provided my husband with exceptional care over the past eight months during his regular blood tests. The entire team is incredibly friendly and professional. They know him by name and always make him feel welcome. Its rare to find a clinic that prioritises customer experience as much as they do!We also had an issue caused by their lab team at one point, but what truly set Harley Street Health Centre apart was how they handled it. Senior management personally took charge and resolved everything promptly and to our complete satisfaction. Their commitment to customer service is unmatched, making this the best healthcare experience weve ever had.We highly recommend Harley Street Health Centre to anyone looking for a clinic that genuinely cares about its patients. Thank you to the amazing team for your continued kindness and professionalism!Rina Patel07:28 01 Mar 25I had platinum blood test done at Queen Anne Street. Ive recommended to all my friends family .Larysa Duda14:37 18 Jul 24Amazing clinic and really nice service. The best part is the blood results on the same day on the next day in the morning! East to schedule appointments and all staff is super friendly. Has visited twice already and booked for my third appointment already.Giz08:02 02 Jul 24I am sooth experience from start to end. The person who I spoke to on the phone was ever so helpful when booking my appointment. Staff were super friendly at the clinic, especially the nurse doing my blood test who was very sweet and attentive. Results were sent out the next day! I would not hesitate to recommend the clinic and use their services again should it be needed! Thank you again!Ryan Coker13:51 27 May 24Used service for Silver blood testWhat went well: Clean and comfortable environment, friendly and professional staff. I am hard to take blood from but staff was reassuring, did not make me feel like an inconvenience and clearly communicated, results within 6 hoursEven better if: NothingGI F17:06 12 May 24I booked the Wellwoman examination which I highly recommend. Dr. Ara who did the majority of the examination was brilliant. She was very personable, professional and friendly. The staff were very friendly and helpful. The reception were kind enough to ask a nurse to take my blood test on the ground floor so I didn't have to walk downstairs as I am disabled. They also have fruit and water in the reception which is a nice touch. Will definitely use them again!Isabelle Trick08:45 06 Aug 24Clean, friendly and efficient clinic, with nice treats while you wait. Turned my results around quickly and had good availability of appointments.Ekaterina Syntina04:16 05 Aug 24Great clinic! Good location, no queues, affordable prices, friendly and helpful personnel, nice and clean inside, quick results to your email box. Highly recommend and will definitely come back next time when I need blood tests!Alice Ford19:14 26 Jul 24The turn around is within 24 hours. Ive used there services twice and will continue to do so . They are professional and friendly. They are reasonably priced too.
