Why PDF Book is the
better approach? Smadent is trying to make students' life easy by providing them 8th class punjabi textbook online PDF by Punjab Board. Reading from the examination. However, you can't do it all the time, I mean you can't bring your hard book
everywhere. When you are somewhere else where you can't maintain to bring your hard book, so in this situation, you can easily carry the soft copy(in the form of PDF) with you on your smartphone or laptop easily. Therefore, download this book to stay safe in this type of situation. This 8th class punjabi book is for all chapters and you don't need to
download it chapter wise. Almost all the TextBooks by PTB of the considerable number of Board, and pretty much all the 8th Class books that come underneath the Punjab region are included. Understand the concepts After that, you should prepare
them by understanding the concept which is the goal of study. Most of the students started cramming the books word by word to get higher marks, which is extremely unhealthy for their minds and career. You cannot learn something by cramming it. So I would suggest you understand things by listening to the lectures carefully in the classroom. You
can also get help from youtube videos. Prepare Smartly and Be a Smart Student! Most of the students ask me how can we smartly prepare for exams and get good marks? So the answer is as simple as you are scrolling this page, just open the book and start reading. Highlight important topics The best trick I have ever used is to highlight the
important questions and prepare them especially. Another question that could popup in your mind "how important questions can be found"? So they can be found from Past Papers, Pairing Schemes, and from Textbooks. Be practically would not only help you prepare for exams but learn how things work. Practical is the actual
doing or use of something rather than the lengthy and outdated theories and lessons. If you are a lazy person who cannot go to the laboratory and do practical then you can easily learn it online. There is a number of mobile apps and websites that provide you with free science simulations. Utilize YouTube Videos YouTube offers a treasure of all type of
videos along with golden opportunities for students and teachers. Many students prefer YouTube videos to boring lectures in the classroom. Youtube is the world's largest video streaming platform enabling a generation of online PDF" and enjoy your study. Take
Notes Note-taking is not a habit found in all students but every good one's. There are two ways to take notes: Record lectures write down important points Both ways are excellent and easy to do. It depends on your nature and classroom rules. If mobile phones are allowed in your school then it would be great to record your lectures so you can easily
replay and pause to understand. Taking notes is very contrary if you're a beginner. It's a habit that can be developed and polished by doing practice. If you can't do it by yourself then we have done it for you, we are providing Free Full Notes of 8th Class Punjabi Book in PDF format in both Punjabi and Urdu Medium. Follow a Plan It's a sign of an
intelligent and topper student that he makes a study plan and follow it to stay organized and focused. A schedule helps you to manage your time efficiently and keeps you away from cramming the whole book at once. The only study on the planned times to get more and more productive. Do your Homework Doing Homework is a symbol of responsible
students and teachers. According to research, 80% of students take their homework from today and create a group of your classmates to do it in a fun way. Make use of Textbooks The Textbooks are not assigned for
ragpickers, these are to improve the lectures in text. Utilize them at maximum level and don't be feared to read the whole Book of Punjabi Class 1. Take care of yourself Passing through this lengthy and taxing process you definitely will get tired and bored. Extra-curricular activities and mental and physical exercises will help you in this circumstance
