TECHNOLOGY WORK CORE SKILLS READING & MATH All Topics For almost 20 years, the GCFGlobal.org program has helped millions around the world learn the essential skills they need to live and work in the 21st century by offering self-paced online courses. We encourage you to explore our courses available here and on YouTube. We highly recommend creating a free account to unlock a range of services, including course tracking, viewing history, accessing your completion certificates and much more. By creating a free account, you can enhance your learning experience and take full advantage of the resources we offer. From Microsoft Office, tp email, reading, math, and more—GCFGlobal.org offers free learning resources on more than 200 topics, including more than 2,300 lessons and more than 2,000 videos, completely free. We all have outside responsibilities, so we make it easy for you to learn at your own pace, on your own time. Join more than 100 million people from all walks of life who have come to us to learn the essential skills they need to succeed. This video is amazing. You explained typography in a few sentences using this presentation. Also as a designer, you have given us an idea and inspiration on what fonts are appropriate to use. Never thought that typography could be this deep. Keep it up!! Julius M. As a teacher in an adult upgrading program at a community college, I am grateful to you for making this resource available. Malcolm M. As a beginner in Microsoft Office, your tutorials were very simple, easy to read and understand. Thank you! Jeanelle D. AI can help make learning experiences more personal, provide immediate feedback, improve accessibility, enhance digital security, give educators precious time back, and do so much more. 01/12/2022 Learn@NYC is an e-learning platform for youths embarking on programmes supported by the National Youth Council (NYC). If your Learn@NYC account has been created, you may click on "Forgot your LMS password" and fill in your User ID registered with us (this is typically your personal or school email address) and "reset password". You should receive an email from "noreply@wizlearn.com" with instructions to access to your account if your account has been created. Please reach out to the WizLearn helpdesk (lmsupport@wizlearn.com) if you face any technical difficulties (e.g. unable to find account activation email). You may also reach out to the staff / teacher of the programme you are joining to check if your account has been created. Happy Learning! Advisory for Government Officials Impersonation Scams: Government officials will NEVER ask you to transfer money or disclose bank log-in details over a phone call. Call the 24/7 ScamShield Helpline at 1799 to check if you are unsure if something is a scam. Visit www.scamshield.gov.sg for further details. Learners
