Follow us on social media for fun, engaging, and educational content, including product information, company philosophy, and entertainment.View More Welcome! This is the Kyocera Document Solutions' corporate website. Explore how we are helping organizations put knowledge to work to drive change. See how we are providing better, greener products and services. Kyocera products and services support customers worldwide. We develop, manufacture and market in wide-ranging fields by combining the diverse strengths of the KYOCERA Group. One element found in all Kyocera business segments is our ability to create advanced technologies through persistent creative effort. We are committed to developing new products, ideas and solutions that exceed customer expectations.Kyocera is committed to creating new value at the cutting edge of technology. The global Kyocera Group develops unique technologies and applies its vision to create valuable products that markets continually seek. VISIT KYOCERA.COM Preserve the spirit to work fairly and honorably, respecting people, our work, our company and our global community. 298 (including Kyocera Corporation) The Kyocera Philosophy is based on the concept of What do we consider to be the right choice as a human being?. By adhering to this common philosophy, we can continue to aim for even greater heights in work and growth based on our own free will and enthusiasm.The Kyocera Philosophy states, The Result of Our Life or Work = Attitude Effort Ability. By providing educational opportunities, we ensure that everyone at our company can fully display their potential and realize the growth of individuals and the company. KYOCERA SOCIAL RESPONSIBILITY At our parent company, the multinational Kyocera Group, there is always something noteworthy going on. Click on the link below to view the Global News page and hear it first! Kyocera Global News What unites our team consisting of over 10 nationalities and working closely with our sister team in Japan? Part of it is the thrill of creating cutting-edge technology being a part of the revolution. But it is also the team spirit, the appreciation of different people from different backgrounds as individuals. If you are one of the best and the brightest, you might have what it takes to rock the boat with MEMS technology. LEARN MORE AND JOIN OUR TEAM!
