I'm not a bot

1: to be able to (do something) I don't need any help. I can't decide what to do. All we can do [=the only thing we can do [now is wait.: to know how to (do something) a car that can hold five people [=a car that has enough room for five people] How fast can [=does, will] the car go? — sometimes used without a following erb I visit her whenever I can. I don't know if I'll be able to fix the problem, but I'll do what I can. Please help us if you can. 2 — used to describe what someenting is or is not possible D by out hink he can still be alive? [=do you think he can still be alive?] I don't think he can still be alive? [=do you think he can still be alive?] I don't the link he must be dead! These problems can be dealt with more easily at the local level. You can't link he must he dead! These problems can be dealt with more easily at the local level. You can't link he must he dead! These problems can be leaft with more easily at the local level. You can't level you don't tell me what the problem is, I can't help you. You can't be very smart [=lov unrel they you will help you will help you. You can't be very smart [=lov unrel they you more problems can be leaft with more easily you don't tell me what the problem is, I can't help you. You can't were you more pollible you can't were you more pollible you can't you will you can't you will you can't you like. 'Can I leave now?' "No, you can't.' You can't leave now?' "No, you can't leave now?' "No, you can't leave now?' "No, you can't.' You can't leave now?' "No, you can't leave now?' "No, you can't.' You can't leave now.' "No, you can't.' You can't leave now.' "No, you can't.' You more

English canne, from Old English canne ("can, tankard, mug, cup"), Perhaps from Proto-Indo-European *gan-, *gandh- ("a vessel"). Cognate with Scots can ("can, mug, a measure"), Swedish kanna ("can, tankard, mug"), Icelandic kanna ("a can"), From Wiktionary From Middle English can (first and third person singular of cunnan ("to know how"), from Proto-Germanic *kunnana, from Proto-Indo-European, *ganéha-. Compare Dutch kunnen, Low German können, Connan ("to know how"), from Proto-Germanic *kunnana, from Proto-Indo-European, *ganéha-. Compare Dutch kunnen, Low German können, Connan ("to know how"), from Proto-Germanic *kunnana, from Proto-Indo-European, *ganéha-. Compare Dutch kunnen, Low German können, Danish kunne. More at

canny, cunning. From Wiktionary Middle English first and third person sing. present tense of connen to know how from Old English cunnan gnō- in Indo-European roots From American Heritage Dictionary of the English first and third person sing. present tense of connen to know how from Old English cunnan gnō- in Indo-European roots From American Heritage Dictionary of the English Language, 5th Edition Also found in: Thesaurus, Medical, Financial, Acronyms, Idioms, Encyclopedia, Wikipedia. to be able to, have the power or skill to: I can take a bus to the airport. She can paint very well. Not to be confused with:may - to have permission to: you may go in now; to express possibility: The storm may turn into a hurricane. Abused, Confused, & Misused Words by Mary Embree Copyright © 2007, 2013 by Mary Embree (kăn; kən when unstressed)aux.v. past tense could (kood) 1. a. Used to indicate physical or mental ability: I can carry both suitcases. Can you remember the war?b. Used to indicate possession of a specified power, right, or privilege: The president can veto congressional bills.c. Used to indicate possession of a specified capability or skill: I can tune the harpsichord as well as play it.2. a. Used to indicate that which is permitted, as by conscience or feelings: One can hardly blame you for being upset.c. Used to indicate probability under the specified circumstances: They can hardly have intended to do that.3. Usage Problem Used to request or grant permission: Can I be excused? [Middle English, first and third person sing. present tense of connen, to know how, from Old English cunnan; see gno- in Indo-European roots.] Usage Note: Generations of grammarians and teachers have insisted that can should be used only to express the capacity to do something, and that may must be used to express permission. But children do not use can to ask permission out of a desire to be stubbornly perverse. They have learned it as an idiomatic expression from adults: After you clean your room, you can go outside and play. As part of the spoken language, this use of can is perfectly acceptable. This is especially true for negative questions, such as Can't I have the car tonight? probably because using mayn't instead of can't sounds unnatural. While the distinction between can and may still has its adherents in formal usage, the number appears to be falling. In our 2009 survey, 37 percent of the Usage Panel rejected can instead of may in the sentence Can I take another week to submit the application? But more than half of these said can was only "somewhat (rather than completely) unacceptable" in this use, and the overall percentage of disapproval fell from more than 50 percent in an earlier survey. The heightened formality of may sometimes highlights the speaker's role in giving permission. You may leave the room when you are finished implies that permission is given by the speaker. You can leave the room when you are finished implies that permission is part of a rule or policy rather than a decision on the speaker's part. For this reason, may sees considerable use in official announcements: Students may pick up the application forms tomorrow. Like may, can is also used to indicate what is possible: It may rain this afternoon. Bone spurs can be very painful. In this use, both can and may often have personal subjects: You may see him at the concert. Even an experienced driver can get lost in this town. (kan)n.1. A usually cylindrical metal container.2. a. An airtight container, usually made of tin-coated iron, in which foods or beverages are preserved.b. The contents of such a container: ate a can of beans.3. Slang A jail or prison.4. (Film) (of a film, piece of music, etc) having been recorded, processed, edited, etc12. informal arranged or agreed: the contract is almost in the can. vb, cans, canning or canned13. to put (food, etc) into a can or cans; preserve in a can14. (tr) slang US to dismiss from a job15. (tr) informal to reject or discard[Old English

canne; related to Old Norse, Old High German kanna, Irish gann, Swedish kana sled]Collins English Dictionary - Complete and Unabridged, 12th Edition 2014 © HarperCollins Publishers 1991, 1994, 1994, 2000, 2003, 2006, 2007, 2009, 2011, 2014 (kæn; unstressed kən) auxiliary verb. 1. to be able to; have the ability, power, or skill to: She can solve the problem easily. 2. to know how to: I can play chess, but not very well. 3. to have the power or means to: a dictator who can impose his will on the people. 4. to have the possibility: A coin can land on either side. v.t., v.i. Idioms: can but, to be able to do nothing else except; can only: We can but try. [before 900; Middle English, Old English, present indic. singular 1st, 3rd person of cunnan to know, know how] usage: can and may are often interchangeable in the sense of possibility: A power failure can (or May) I borrow your tape

recorder? can occurs this way chiefly in spoken English; may occurs more frequently in formal expressions suggesting that there is no alternative to doing something. See also cannot, help. (kæn) n., v. canned, can • ning. n. 1. a sealed container for holding or carrying liquids. 4. a metal or plastic container for holding film on cores or reels. 5. Slang: Sometimes Vulgar. toilet; bathroom. 7. Slang: Sometimes Vulgar. buttocks. 8. Mil. Slang film on cores or reels. 5. Slang: Sometimes Vulgar. toilet; bathroom. 7. Slang: Sometimes Vulgar. buttocks. 8. Mil. Slang film on cores or reels. 5. Slang: Sometimes Vulgar. toilet; bathroom. 7. Slang: Sometimes Vulgar. toilet; bat v.t. 9. to preserve by sealing in a can, jar, etc. 10. Slang. to dismiss; fire. 11. Slang. to make the can, (of a commercial film, scene, etc.) completed. [before 1000; Middle English, Old English canne, c. Old High German channa, Old Norse kanna] Can. can. Random House Kernerman Webster's College Dictionary, © 2010 K Dictionaries Ltd. Copyright 2005, 1997, 1991 by Random House, Inc. All rights reserved. - could are called modals. Both can and could are followed by an infinitive without to.I envy people who can sing. I could work for twelve hours a day. 1. negative form of can't. Cannot is never written 'can not'. The negative form of could not or couldn't. To form the negative form of can't negative form of can't negative form of could not or couldn't. To form the negative form of can't negative form of ca so dark you could not see anything. We were unable to afford the entrance fee. 2. ability: the present. Be able to is more formal than can. You can all read and write. The animals are able to move around, and they can all lie down.Lisa nodded, unable to speak.Could is also used to talk about ability in the present, but it has a special meaning. If you say that someone could do much more in this country to educate people.3. ability: the pastYou use could or a past form of be able to to talk about ability in the past.He could run faster than anyone else. A lot of them couldn't read or write. I wasn't able to answer their questions. If you want to say that someone was able to return to work. The farmers were able to pay their employees' wages. If you want to say that someone had the ability to do something but did not in fact do it, you say that they could have done it. You could have done it. You could have done it. You could have been a little bit more careful. If you want to say that someone did not have done it. You want to say that someone did not have done it. You could hav want to say that someone had the ability to do something in the past, although they don't now have this ability, you say that they used to be able to see the house from here. 4. ability: the future form of be able to to talk about ability in the future. I shall be able to see the house from here. 4. ability: reporting structures Could is often used in reporting structures. For example, if a woman says 'I can speak Arabic', you usually report this as 'She said she could speak Arabic', you usually report this as 'She said she could speak Arabic'. She said I could bring it back later. 6. ability: 'be able to help you. You may be able to get extra money. You should be able to see that from here. She would not be able to go out alone. Do you really expect to be able to discuss politics with Veronica. There is no -ing form of can or could. 8. awareness Can and could are used with verbs such as see, hear, and smell to say that someone is or was aware of something through one of their senses. I could be a toadstool. He was jailed in February, and could be released next year. Might and may can be used in a similar way. Kathy's career may be ruined. Be Careful! Don't use 'could not' to say that it is impossible that something is true, you use cannot or could not. You cannot possibly know what damage you caused. It couldn't possibly be true. You use can to say that sometimes possible. Sudden changes can sometimes have and may have can be used in a similar way. She might have found the information online. It may have been a dead bird. You also use could have to say that there was a possibility of something being true in the past, although it was not in fact true. It could have been worse. He could have made a fortune as a lawyer. Be Careful! Don't use 'could not have known the password. If you want to say that it is impossible that something was true, you use could not have. The decision couldn't have been easy. The man couldn't have seen us at all. 11. permission can take out money at any branch of your own bank. He could come and use my computer. Cannot and could not are used to say that someone is or was forbidden to do something. You can't bring strangers in here. Her dad said she couldn't go out during the week.
