Ultimate Custom Night (UCN) is an innovative entry in the beloved Five Nights at Freddy's (FNAF) franchise. Released in 2018, this survival horror game allows players to customize their experience by selecting from a roster of animatronic characters, each with unique mechanics and behavior patterns. The game is set in a dimly lit office within a fictional fast food restaurant, where players must survive the night against a variety of killer animatronics. What sets UCN apart from its predecessors is its emphasis on customization, enabling players to adjust difficulty settings and choose which animatronics to face, adding a strategic element to the gameplay.How to PlayControlsPlayers navigate Ultimate Custom Night using a straightforward control scheme. The essential controls include: Mouse: Navigate between various screens and interact with buttons. Spacebar: Use the flashlight or perform specific actions depending on the animatronics present. Number keys (1-7): Toggle between different camera feeds and settings.Mastering these controls is crucial as players must manage multiple threats simultaneously, utilizing the security cameras and various office tools to fend off animatronics.Tips and RecommendationsTo excel in Ultimate Custom Night, players should consider the following tips: Understand Each Animatronic: Familiarize yourself with the behavior and mechanics of each character. This knowledge is essential for developing effective strategies. Customize Your Experience: Tailor the difficulty settings to suit your skill level. Experiment with different combinations of animatronics for varied challenges. Manage Resources Wisely: Keep an eye on your power usage and flashlight battery. Efficient resource management is key to surviving the night. Practice Makes Perfect: Don't be discouraged by early failures. Each attempt provides valuable experience and insights into the games mechanics.Game DetailsDeveloped by Scott Cawthon, Ultimate Custom Night is available on multiple platforms, including PC, iOS, and Android. As a free-to-play title, it invites both newcomers and seasoned fans of the FNAF series to engage with its unique blend of horror and strategy. The game has received positive reviews for its depth, customization options, and engaging mechanics, solidifying its place in the survival horror genre. With an extensive range of animatronic characters and endless replayability, UCN ensures that players will find themselves returning for more scares and strategic gameplay.FAQs Ultimate Custom Night is a survival horror game set in the FNAF universe, featuring customizable gameplay where players can select animatronics to face during the night. To survive in UCN, familiarize yourself with the animatronics' behaviors and manage your resources carefully. Customize your difficulty settings to match your skill level. Yes, Ultimate Custom Night is a free-to-play game available on several platforms. Ultra Custom Night (also known as UltraCN, UICN, or UCN) is a fangame based on Five Nights at Freddys, specifically Ultimate Custom Night. KamilFirma, the same developer who created the Rejected Custom Night series, created it. If you like the game in FNAF fan games list, you need to try now. And Ultra Custom Night free download.Ultra Custom Night StoryThis game does not have a fixed story like the official versions of Five Nights at Freddys. This is a fan-made game created by the fan community, so it does not have the majority of traditional elements like other official games. Instead, Ultra Custom Night focuses on creating a unique and custom gaming experience.In this game, you will be challenged by the haunted puppets from FNAF with many different configurations. Each puppet has its own characteristics and behaviors, and you can customize them to create a play style that suits your personal preferences.Although there is no official story, playing this game will bring you new and interesting experiences in facing the attack of haunted puppets and trying to survive overnight.GameplayThe gameplay in Ultra Custom Night is quite similar to the previous FNAF versions. Players will take on the role of a hero to protect themselves from the attack of haunted puppets.In the game, you can customize factors such as the number of puppets, their moving speed, or even how they attack. This creates a variety of play configurations and diversify experiences.Your mission in this game is to exist overnight without being caught by any puppet. You must observe the cameras to monitor their motion and use defensive actions such as closing or turning off the lights to avoid being attacked.The success in the game depends on the ability to manage resources and the consideration in making decisions quickly. You need to manage energy, time, and defensive measures to deal with the puppet attack.This game brings a new and interesting experience for FNAF fan games. Try and see if you can keep life overnight in this game or not! And Ultra Custom Night for PC.Screenshots Download Link:Gamejolt Server: Developer:KamilFirma You will be automatically redirected to the homepage in 30 seconds. Released in 2018, Ultimate Custom Night is an indie survival horror video game developed by Scott Cawthon. Enter the custom-made adventure and stay alive against the Ultimate Custom Night characters, those adorable beings that kept us awake at night. contents Plot Gameplay Graphics and sound Duration and game modes Reviews Age rating Plot Once again, you are trapped in the Five Nights at Freddy's (FNaF) universe, alone in your office, trying to escape to the evilest animatronics the world has known. But this time, you will have to face the entire gang of 50 cruel animatronics. Mix and match the whole assortment of characters as you like, choose the difficulty level, sharpen your skills, master all the tools you need, and try to stay alive throughout the terrible nights. Gameplay Customize each game: Build up your own story by adjusting settings such as the type ofoffice, the animatronics you will have to face during the game (you can choose among 50 antagonists), theirAI level from 0 to 20, and the available power-ups. You will also be able to add new mods developed by the community. Steam Thematic challenges: Ultimate Custom Night offers you more content with 16 challenges to be completed.To stay alive and complete the challenges, you will have to master various devices, including a music box, a power generatorand a heater, and you will also need to cleverly use laser traps in the vents, purchase items from the prize counter, keep an eye on the Pirate Cove Curtains, and much more! Stay alert: The cute animatronics will chase you down, so be sure to keep an eye on thesecurity cameras andventilation ducts. Coins: Death Coins are specific coins you earn by reaching objectives. They will allow you to eliminate specific animatronics. And don't forget to use Faz Coins to gain power-ups or distract animatronics. Discover the universe in depth: Earn points and unlock unpublished video sequences that will show you new aspects of the plot. Steam Graphics and sound Ultimate Custom Night remains faithful to its universe with anice-looking creepy cartoonish atmosphere full of visual and audio feedback. Hence, graphics and sound do manage to make the whole experienceimmersive. Duration and game modes Ultimate Custom Night proposes a solo adventure where you will encounter many challenges. The main story will take about 22 hours to finish, but thoroughly exploring everything the game has to offer will take you about 40 hours. What do the reviews say? Ultimate Custom Night has been rated asOverwhelmingly Positive by over 40,000 players on Steam, so it seems to be a pretty good game. Age rating PEGI It has been classified as PEGI 12. It does not contain scenes of explicit violence, but the content may be frightening for a young audience. Alternative spelling ultimate-custom-night.exe, ultimate-custom-night-0.10.0.exe, Ultimate-Custom-Night-Android-1-0-6-en.apk Offline Android 6.0 + Version: 1.0.8 195.6Mb Go to Download Updated to version 1.0.8! Ultimate Custom Night (MOD, Unlocked) - continuation of the horror franchise in which this time you have to not only try to survive, but also guided by a series of rules to survive in the office. In this project, the developers have added a number of game features, such as a wide selection of difficulty levels, a storyline, all sorts of tasks and missions. In other words, we have before us a full-fledged game project filled with all game directions, while the original idea has been fully preserved. After releasing a new version of the MOD on our website, download the new APK and install it over the previous version without uninstalling it, it will only update to the new version, and your progress will be saved! Updated to version 1.0.8! You cant perform that action at this time. Ultimate Custom Night is an ultimate Five Nights at Freddys mashup, with you able to customize your own personal jumpscare nightmares from fifty animatronics taken from the FNaF series.While most of the other FNaF games are about scaring the crap out of you, Ultimate Custom Night is more about having fun. Sure, there are still plenty of jump scares, but its more of a playful and creative experience as you tailor the game to your preferences.The game is played from your office, with you able to interact with doors, vents and other object whilst keeping an eye on whats coming at you via the surveillance system. And theres a LOT that can come at you, with you able to let loose up to fifty Five Nights at Freddys characters, each with their own specific behaviour and a programmable difficulty level from one to twenty. Being a FNaF game, it also has plenty of secrets and unlockables, including different office skins and cutscenes.Ultimate Custom Night is pretty much the best Five Nights at Freddys fan game ever made, but its not made by a fan, its made by the main FNaF Developer (Scott Cawthon). It seems like a love letter to the FNaF community and if this is Freddys final uting then its one hell of a way to sign off!Controls: Mouse & KeyboardAvailable On: Windows (Steam)Download Ultimate Custom Night Here A new and sinister and tremendously terrifying adventure has arrived at Minigames ready to make your hair stand on end! Dive into Ultimate Custom Night, the definitive Five Nights at Freddy's game, and get ready to once again take on the role of the security camera man at Fazbear's Pizza fast food restaurant.You'll once again be trapped alone in an office defending yourself from killer animatronics. With 50 selectable characters spanning seven FNAF games, the customization options are nearly endless. Mix and match the characters you want, set their difficulty from 0 to 20 and jump into the action!From your office desk, you'll have to manage two side doors, two air vents, as well as two air ducts, all of which lead directly into your office. This time you will also have to master other tools if you want to complete the last challenges, tools such as heating, air conditioning, a global music box, a power generator and much more. As if all this were not enough, you will also have to place laser traps in the ventilation ducts, collect Faz-Coins, buy items at the prize counter.As night falls, calm seems to come to the restaurant, but don't trust it! The dangerous animatronic dolls hiding among the leftovers will do everything they can to try to scare you to death. In this version, you will be able to customize and select your favorite creatures to torment you during the game. Enjoy!Who created Ultimate Custom Night? Scott Cawthon is the creator of this and the entire Five Nights at Freddy's saga.
